

SMART FARMER – IoT ENABLED SMART FARMER APPLICATION

ASSIGNMENT – 4

Team ID	PNT2022TMID03604
Name	THAVASELVAN P
Roll No.	212219063006

- **Write Code and connections in wokwi for ultrasonic sensor. Whenever distance is less than 100 centimetres send an ‘alert’ to the ibm cloud and display in device recent events.**

Program:

```
#define ECHO_PIN 2

#define TRIG_PIN 3

void setup() {
  Serial.begin(115200);
  pinMode(LED_BUILTIN, OUTPUT);
  pinMode(TRIG_PIN, OUTPUT);
  pinMode(ECHO_PIN, INPUT);
}

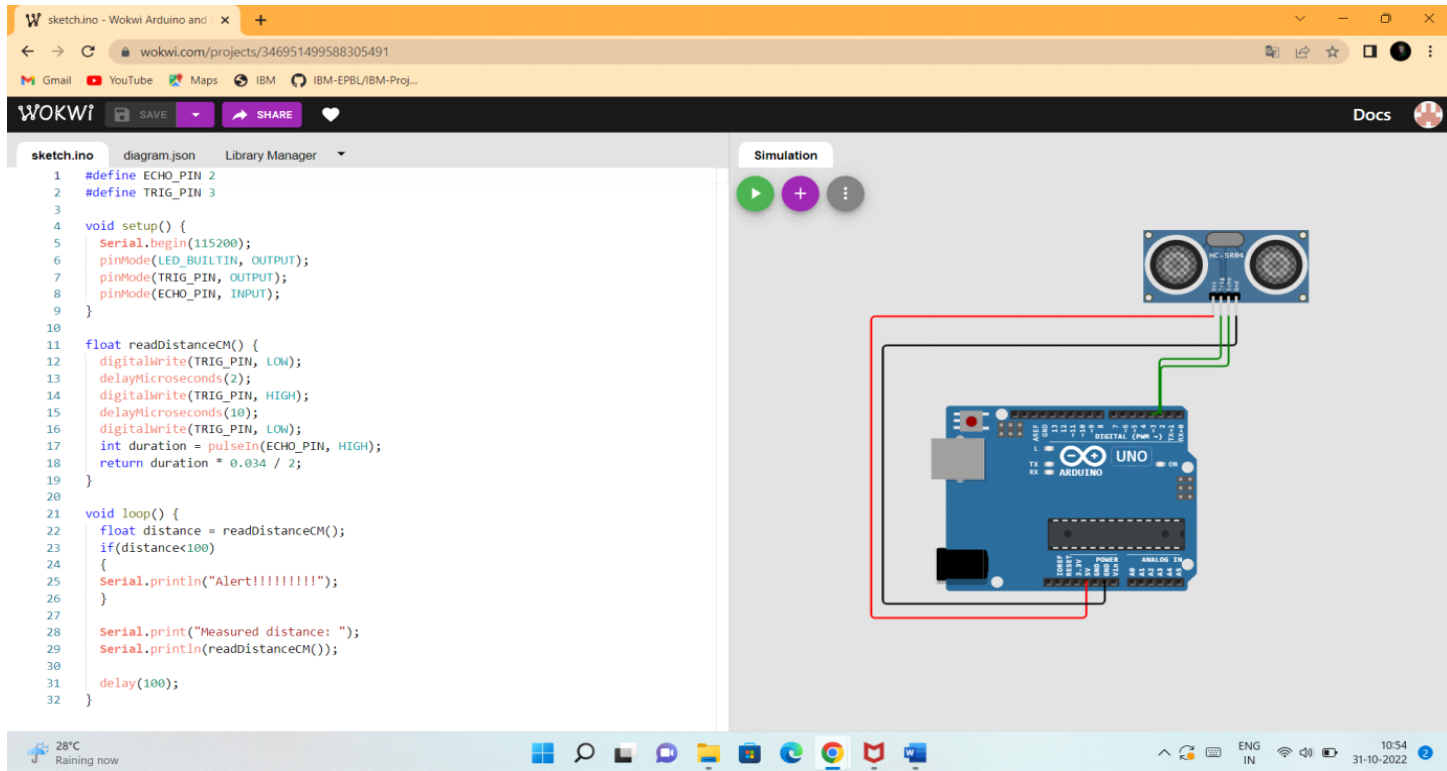

float readDistanceCM() {
  digitalWrite(TRIG_PIN, LOW);
  delayMicroseconds(2);
  digitalWrite(TRIG_PIN, HIGH);
  delayMicroseconds(10);
  digitalWrite(TRIG_PIN, LOW);
  int duration = pulseIn(ECHO_PIN, HIGH);
  return duration * 0.034 / 2;
}

void loop() {
  float distance = readDistanceCM();
  if(distance<100)
  {
    Serial.println("Alert!!!!!!!!!!");
  }

  Serial.print("Measured distance: ");
  Serial.println(readDistanceCM());
}
```

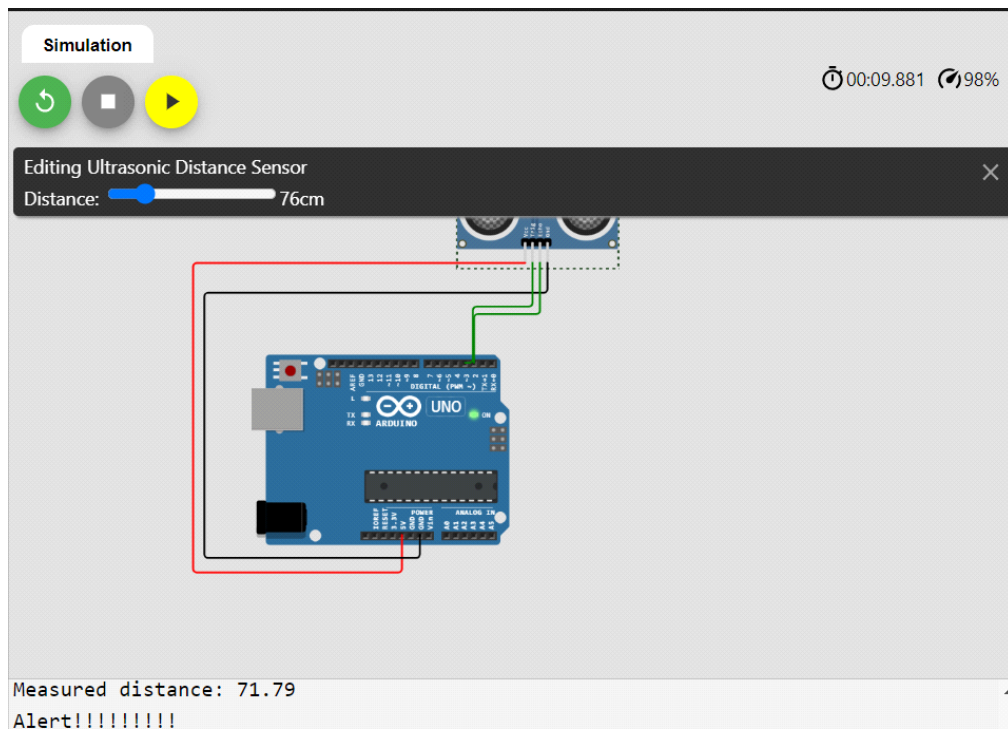

```
    delay(100);  
}
```

Wokwi Editor window:

Results:

- The measured distance is less than 100 centimetres, it gives alert message

- The measured distance is more than 100 centimetres, it will not give alert message
